Canada before Confederation: Maps at the Exhibition Chet Van Duzer, Lauren Beck, 2018-01-15 Each of the maps featured in this book was showcased in the exhibition "Canada before Confederation: Early Exploration and Mapping," which took place in several locations, both in Canada and abroad, in Fall of 2017. The authors provide a scholarly study highlighting the importance and unique features of each of these jewels of cartographic history, with particular attention paid to how they demonstrate the development of Canadian identity at the same time that they reveal Indigenous knowledge of the lands now known as Canada.

Mapping Upper Canada, 1780-1867 Joan Winearls, 1991 The early face of what is now Ontario was documented in an extraordinary number of maps. Thousands of them have survived to the present day - maps of the area as a whole, its regions, and its cities and towns. In this bibliography Joan Winearls offers a guide to maps of the province of Upper Canada/Canada West, manuscript and printed, from the beginning of British settlement up to Confederation. Each entry includes a physical description of the map, brief annotations including associated documents and sources, and information about where the map is now found. The book as a whole provides a unique resource for historians, geographers, genealogists, surveyors, archaeologists, and local history buffs. Appendices examine township surveys; registered plans of urban subdivisions, this describing much of the evolution of towns; nautical charts of the Great Lakes; and boundary surveys. The bibliography is fully indexed by author, place, and subject.

Historical Atlas of Canada ANONIMO, 1993-08-01 The three award-winning volumes of the Historical Atlas of Canada are a beautiful record of Canada's peoples and development. Each volume combines text and graphic material to create an extraordinarily rich picture of Canada's past, and presents a splendid visual record of the roots of our society and the evolution of the intensely regional, culturally diverse nation we know today. Each map plate is a double-page spread of maps, graphics, legends, and text on a single subject or theme, and is accompanied by a bibliographical note at the end of the volume. Collectively, the plates represent both the crucial events and the continuity of life that made Canada.
